The City Council's adopted budget for fiscal year 2013-2014 totals \$530,442,800 and will be financed from tax revenue of \$256,540,603 and \$273,902,197 in non-tax revenue. Tax revenue includes the current tax levy of \$237,390,603. The estimated October 1, 2012 taxable Grand List prepared by the City Assessor in accordance with Connecticut General Statutes, is \$3,487,781,236. An estimated collection rate of 94.20% will require a tax levy of 74.29 mills, or \$74.29 on each \$1,000 of assessed value. At this collection rate of 94.20%, the value of a mill is approximately \$3,285,490.

A tax analysis chart is included on page 6-3 of the budget book. The chart summarizes the calculation of the tax rate and outlines the actual and estimated adjustments made to the gross tax levy in order to arrive at the current tax budget line item. Adjustments reflect legal additions and deletions, decisions of the Board of Assessment Appeals, abatements for elderly tax relief, and those adjustments approved by the Committee on Tax Abatement as well as adjustments to the levy made necessary by tax appeal settlements.

Non-tax revenue includes income from licenses and permits, fines, forfeits and penalties, revenue from money and property, intergovernmental revenue, charges for services, reimbursements, and other revenues.

General Fund revenue in the City Council's adopted budget for fiscal year 2013-2014 is projected to decrease by approximately \$9.8 million from the adopted budget for 2012-2013 fiscal year amount of \$540,270,981. This decrease of 1.82% is primarily due to the Mayor's initiative to reduce the expenditure budget despite increases due to contractual obligations and pension costs and in order to meet the challenges presented by the current downturn in the federal, state, and local economies.

With approximately 45.75% of the City's revenue coming from intergovernmental revenues (state and federal grants), budgetary deliberations at the state and federal levels impact the City's revenue stream and its ability to provide services to the community and those that come to the City to work and enjoy the many cultural, recreational, and other activities; along with basic services, including medical, educational and other support services.

### **GENERAL PROPERTY TAXES**

Current year property tax collection for the City Council's adopted budget for fiscal year 2013-2014 is projected at \$237,390,603 with an estimated tax collection rate of 94.20%. The October 1, 2012 taxable Grand List totals approximately \$3,487,781,236 before adjustments by the Board of Assessment Appeals. The 2012 Grand List grew just of two percent over the previous year, rising about \$70 million. About half of the increase was due to an increase in the assessment ratio for apartment properties with four or more living units. Pursuant to P.A. 11-212, the assessment ratio for apartment properties rose from 50 to 55 percent of fair market value, pushing apartment assessments up 10 percent. Business personal property assessments rose to \$666,454,610, an increase of 4.7% from last year. The total assessed value of motor vehicles increased by 3.1% - a rise of about \$8.6 million to a total of \$284,620,936. The exempt real property grand list increased to \$3,716,139,482, up about \$40.7 million over last year.

Revenue from the collection of taxes levied in prior years is projected to yield \$8,600,000. Interest and lien fees on delinquent tax accounts are estimated at \$3,650,000.

The following table provides a summary of the calculation of the current property tax revenue budget.

#### How Your Hartford Property Taxes Are Calculated

For tax purposes, State Law requires that municipalities assess all property at 70% of its current fair market value. However, Hartford has received authority to assess residential real estate and apartments at lower assessment rates in order to regulate the shift in property tax burden to these types of property following revaluations. These ratios have been established - the residential rate will be 29.2% and the apartment rate will be 55%. Commercial and industrial real estate, business personal property, and motor vehicles are assessed at 70%. The resulting assessment is multiplied by the mill rate to produce the original tax.

## Other Local Taxes

Prior to the 2009-2010 budget, real estate conveyance tax was included in a budget category referred to as "other local taxes". Effective for the 2009-2010 budget fiscal year, these Connecticut General Statute fees (Section 12-494(a)) have been moved to the "charges for services" budget category. Prior year(s) comparative information has not been restated to reflect this budget presentation change.

**LICENSES & PERMITS**

Non-Business licenses & permits, including building and trade permit income are currently estimated to increase by \$7,000 from the adopted budget for 2012-2013. Licenses and permits associated with establishing new apartments at 777 Main Street is expected to soften the downward trend in permit income currently being experienced in the 2012-2013 adopted budget. The current volatility in the economy directly impacts this revenue category.

## FINES, FORFEITS & PENALTIES

The major source of revenue in this category is false alarm citations. The Municipal Code places a greater responsibility on residents and business owners to properly maintain and operate their electronic alarm systems. The ordinance provides for a registration fee of \$15.00 per year and specific fines for repeated false alarms which initiate an emergency response from police, fire or emergency medical personnel.

## REVENUE FROM USE OF MONEY & PROPERTY

Revenue in this category is derived from three sources: investment earnings, rental income from City-owned property and income from development property - the City is a partner or owned the land on which the development was constructed. The City Council's adopted budget for fiscal year 2013-2014 reflects an increase of \$2,324,528 from the 2012-2013 adopted budget.

### Income from Investments

Interest rates continue to remain significantly below historic amounts. The City Council's adopted budget for fiscal year 2013-2014 includes a projection of \$356,000 for General Fund interest and investment earnings income.

### Income from the Use of Property

Income from the use of City-owned property is expected to increase by \$24,028 from the adopted budget for fiscal year 2012-2013. This is attributed to the increase in rental income from city-owned properties.

### Income from Development Property

Revenue in this category has a net increase of \$2,300,500. The XL Center lease renewal accounts for \$3 million of the projected increase which is offset by the loss in revenue from the lease renewal for the Richardson Building and CRRA.

## INTERGOVERNMENTAL REVENUE

The City Council's adopted budget for fiscal year 2013-2014 estimates revenue in this category will decrease by approximately \$23 million from the 2012-2013 adopted budget. The decrease is attributed to the Governor's Proposal to eliminate funding to cities and towns for the Mashantucket Pequot Fund Grant and the Manufacturing Transition and Population/Property Tax Relief Grants. The 2013-2014 adopted budget estimates a reimbursement of \$2.6 million for completed school construction projects which represents a decrease of \$9.6 million from the 2012-2013 adopted budget.

### Federal Grants-in-aid

This category represents the Federal Emergency Management Association (FEMA) reimbursement for homeland security. The City Council's adopted budget for fiscal year 2013-2014 includes a projection of \$60,000.

### State Grants-in-aid

The City Council's adopted budget for fiscal year 2013-2014 includes revenue estimates for State grants-in-aid as set forth in the Governor's budget. State grants-in-aid reflect a net decrease of \$20.3 million as compared to the 2012-2013 adopted budget. The net decrease is due the Governor's proposal to eliminate funding for the Mashantucket Pequot Fund Grant and the Population/Property Tax Relief Grant. A new grant called Municipal Aid Adjustment/Hold Harmless is being proposed in the Governor's Budget to offset the lost revenue from the elimination of these grants. The 2013-2014 adopted budget also includes a decrease of \$9.6 million for school construction reimbursements budgeted at \$2.6 million.

Education Cost Sharing has been budgeted at \$187,974,890 and does not include the additional \$9,247,636 million in Alliance District funds which the Hartford Public School System would need to apply for and be approved by the Commissioner of Education.

### Payment-in-lieu of Taxes

Payment-in-lieu of taxes (PILOT) revenue in the City Council's adopted budget for fiscal year 2013-2014 represents a net decrease from the 2012-2013 adopted budget from \$46 million to \$43.5 million. Major decreases in this category include the Governor's proposal to eliminate funding for the PILOT for New Manufacturing Equipment. The Governor's Budget proposal calls to eliminate the PILOT for State-Owned Property and to pay the City the fiscal year 2012-2013 amount received as an additional ECS grant in fiscal year 2013-2014. However, since the portion of the ECS grant equal to the dollar amount lost in the PILOT for State-Owned Property can be used for property tax relief we have included it in the PILOT for State-Owned Property and not Education Cost Sharing for budgetary purposes.

### Shared Taxes

The City Council's adopted budget for fiscal year 2013-2014 includes a projection of \$275,000 based on actual revenue received last fiscal year.

## CHARGES FOR SERVICES

The City Council's adopted budget for fiscal year 2013-2014 estimates a \$210,197 decrease from the 2012-2013 adopted budget for this revenue category from \$3 million to \$2.8 million.

### General Government

The City Council's adopted budget for 2013-2014 projects revenue to increase by \$130,053. The sources of revenue in this category are from conveyance tax, court and writ fees, the filing of legal documents, and all other charges for general government services; including the transcript of public records, weights and measures inspection fees, zoning application fees, etc. This category includes implementation of City ordinances to increase fees for street, sidewalk and excavation permits, and other minor categories.

### Public Safety

Charges for services in this category are currently estimated to decrease by \$39,500 from the adopted budget for fiscal year 2012-2013. The Police Department revenue decreases from \$61,000 to \$12,000, resulting from applying the reimbursement revenue received against the actual expenditure.

### Public Works

Revenue from public works services includes fees for trash carts, eviction fees and scrap metal fees. The various fees are projected to decrease by \$24,750.

### Other Departments and Functions

Other departments and functions include health, social services, recreation and miscellaneous. Revenue in this category is projected to decrease \$276,000 from the adopted 2012-2013 budget for repair and demolition liens revenue now being budgeted in the Anti-Blight Fund.

Income in this group includes fees for health and social services, recreation admission fees, grave opening fees and repair and demolition liens.

## REIMBURSEMENTS

The General Fund receives reimbursements from other funds and for prior year expenditure refunds. This category in the City Council's adopted budget for fiscal year 2013-2014 decreases by \$564,412 compared to the adopted budget for fiscal year 2012-2013.

### Miscellaneous

The 2013-2014 adopted budget for various insurance and expenditure reimbursements decreases by \$275,100 from the adopted 2012-2013 budgeted amounts. The majority of the decrease is attributed to the reimbursement of Medicaid services budgeted at \$750,000 versus the \$1 million budgeted in the fiscal year 2012-2013 adopted budget.

### Other Funds

Revenue transferred to the General Fund to offset the cost of fringe benefits and indirect costs for various programs, including State and Federal grant activity, is the major source of revenue in this category. These reimbursements include amounts from the Community Development Block Grant program and housing programs, including Section 8 Monitoring, the WIC program, and health and social service grants. The City Council's adopted budget for fiscal year 2013-2014 includes a decrease of \$289,312 for fringe benefit reimbursements.

### OTHER FINANCING SOURCES

Although not technically a revenue, other financing sources represent a resource that can be used to finance the expenditure budget of the City. Included in this category are bond premiums and transfers from other funds. Prior to 2009-2010, these items were included in other revenue categories.

\* Prior to the 2009-2010 fiscal year budget, the debt service for Morgan Street Parking Facilities was budgeted in the General Fund. Beginning in 2009-2010, the Hartford Parking Facilities Enterprise Fund pays the debt service and the General Fund revenue budget will include only the net revenue generated by the Hartford Parking Authority, which passes through the Hartford Parking Facilities Enterprise Fund. The City Council's adopted budget for fiscal year 2013-2014 assumes the Morgan Street Garage will be sold to the State of Connecticut.

### ESTIMATED AND ACTUAL USE OF GENERAL FUND - FUND BALANCE (CASH SURPLUS)

Financing the City Council's adopted budget for fiscal year 2013-2014 will require an allocation of \$8,348,825 from the City's General Fund – unassigned fund balance (prior year cash surplus).
